**REQUEST FOR RECONSIDERATION OF THE
PATENT TERM ADJUSTMENT UNDER 37 C.F.R. § 1.705(d)**

Mail Stop Patent Ext
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

A notice of allowance was mailed in this case on January 4, 2005 indicating that the issue fee is due on April 4, 2005. The issue fee is being submitted in this application simultaneously with this request for reconsideration of the patent term adjustment.

The Determination of Patent Term Adjustment under 35 U.S. C. § 154(b) shows a current calculation of the patent term adjustment of 560 days.

For the reasons stated herein, reconsideration of this patent term adjustment is respectfully requested. Please charge the petition fee under 37 C.F.R. § 1.18(e) to Deposit Account No. 23-1925. Please charge any additional fee required or credit for any excess fee paid to Deposit Account No. 23-1925. A duplicate copy of this Petition is attached.

The patent term adjustment for this application is calculated as shown below. Dates are specified based on the Patent Application Information Retrieval (PAIR) system Patent Term Adjustment History, attached as Exhibit A. The present application is not subject to a terminal disclaimer.

Period of adjustment under 37 C.F.R. § 1.703(a)

The period of adjustment under 37 C.F.R. § 1.703(a)(1) is the number of days in the period beginning on the day (“the 14 month date”) after that date that is fourteen months after the date on which the application was filed under 35 U.S.C. § 111(a) and ending on the date of mailing or either an action under 35 U.S.C. § 132 or a notice of allowance under 35 U.S.C. § 151, whichever comes first.

The present application was filed on June 4, 2001. The 14 month date specified in 37 C.F.R. § 1.703(a) is August 4, 2002. The first PTO action was a requirement for restriction mailed March 11, 2004. The difference between the 14 month date and the date of mailing of the requirement for restriction is 585 days.

The period of adjustment under 37 C.F.R. § 1.703(a)(2) is the number of days in the period beginning on the day (“the 4 month date”) after that date that is four months after the date on which a reply was filed under 35 U.S.C. § 111 and ending on the date of mailing or either an action under 35 U.S.C. § 132 or a notice of allowance under 35 U.S.C. § 151, whichever comes first.

In the present application, a response to a first Office Action was filed on August 5, 2004. The 4 month date is December 5, 2004. A notice of allowance

was mailed January 4, 2005. The difference between the 4 month date and the date of mailing of the non-final rejection is 30 days.

Period of adjustment under 37 C.F.R. § 1.703(b)

The period of adjustment under 37 C.F.R. § 1.703(b) is the number of days in the period beginning on the day after that date that is three years after the date on which the application was filed under 35 U.S.C. § 111 and ending on the date the patent was issued.

In the present application, the application was filed on June 4, 2001. The three year date is June 4, 2004. A notice of allowance was mailed January 4, 2005. The difference between the three year date and the date of mailing of the notice of allowance is 214 days. Therefore, to date, at least an additional 214 should be added to the patent term adjustment.

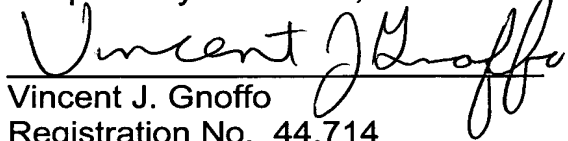

Reduction in Period of Adjustment under 37 C.F.R. § 1.704

Under 37 C.F.R. § 1.704(b), the period of adjustment shall be reduced by the number of days, if any, beginning on the day after the date (the 3 month date) that is three months after the date of mailing or transmission of an Office communication notifying the applicant of a rejection, objection, etc., and ending on the date the reply was filed.

In the present application, a non-final rejection was mailed on March 11, 2004. The 3 month date was June 11, 2004. A response to the non-final rejection was mailed August 5, 2004. The difference between the 3 month date and the response date was 55 days.

The sub-total net delay calculated on the mailing of the notice of allowance in the present application is thus $585 + 30 + 214 - 55 = 774$ days.

Respectfully submitted,
